

How To Register and Apply UpdraftPlus 100% Discount Coupon

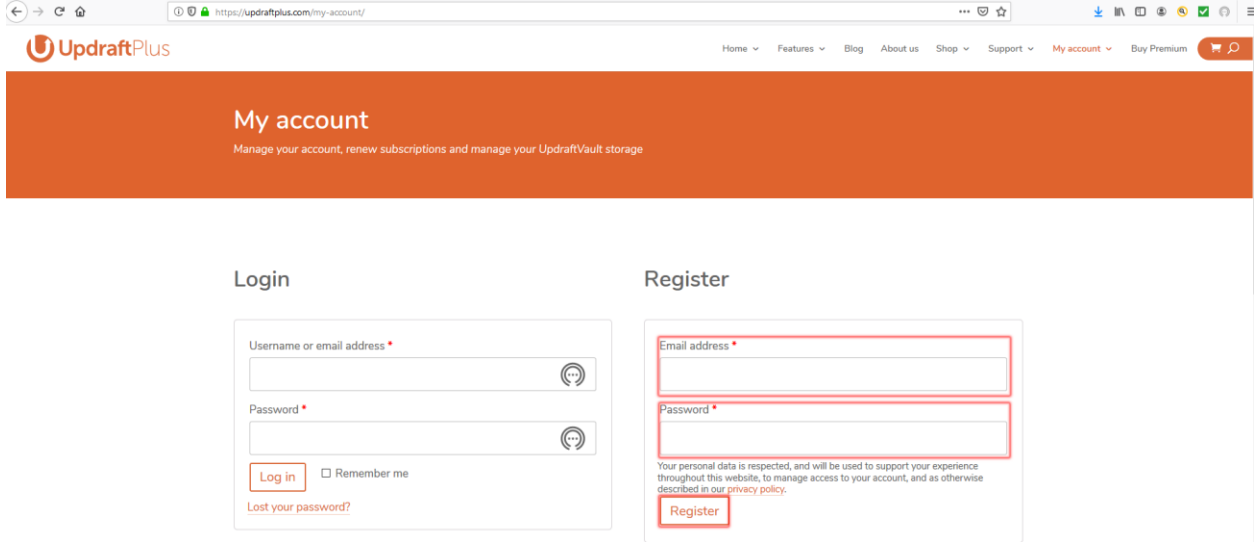

We at CheapCloud highly recommend our client to install UpdraftPlus at their WordPress website as it is the world's most trusted and reliable WordPress backup and restore plugin. The discount coupons actually apply to the following addons utilities.

Multiple Storage Destination	Automatic Backups
------------------------------	-------------------

1. Go to UpdraftPlus website at <https://updraftplus.com> and select “My account” to register an account if you do not have one.

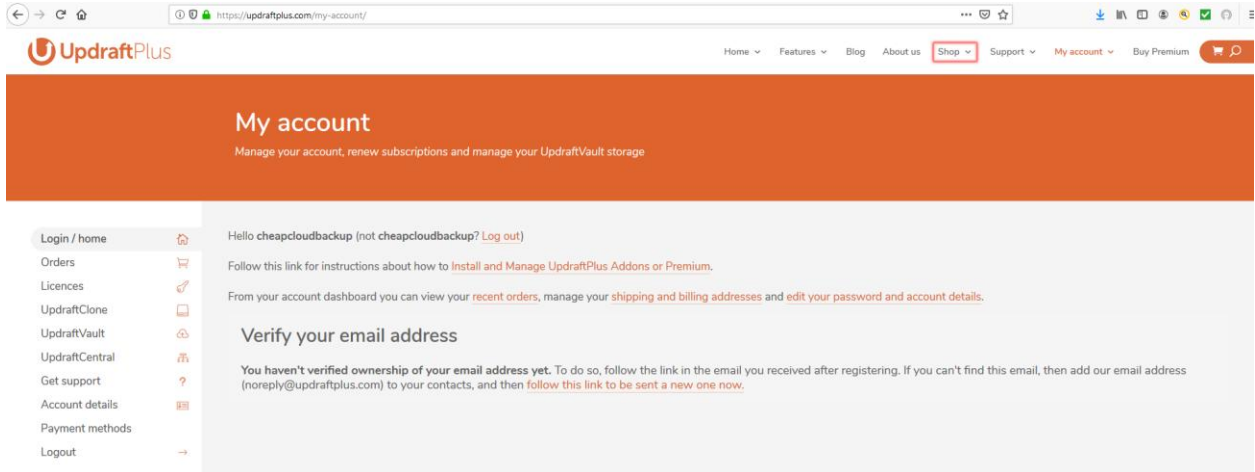

2. Key in your email address and password. Then select **“Register”**. You will receive an email from UpdraftPlus of your account registration. Follow the instruction in the email to validate your registration.

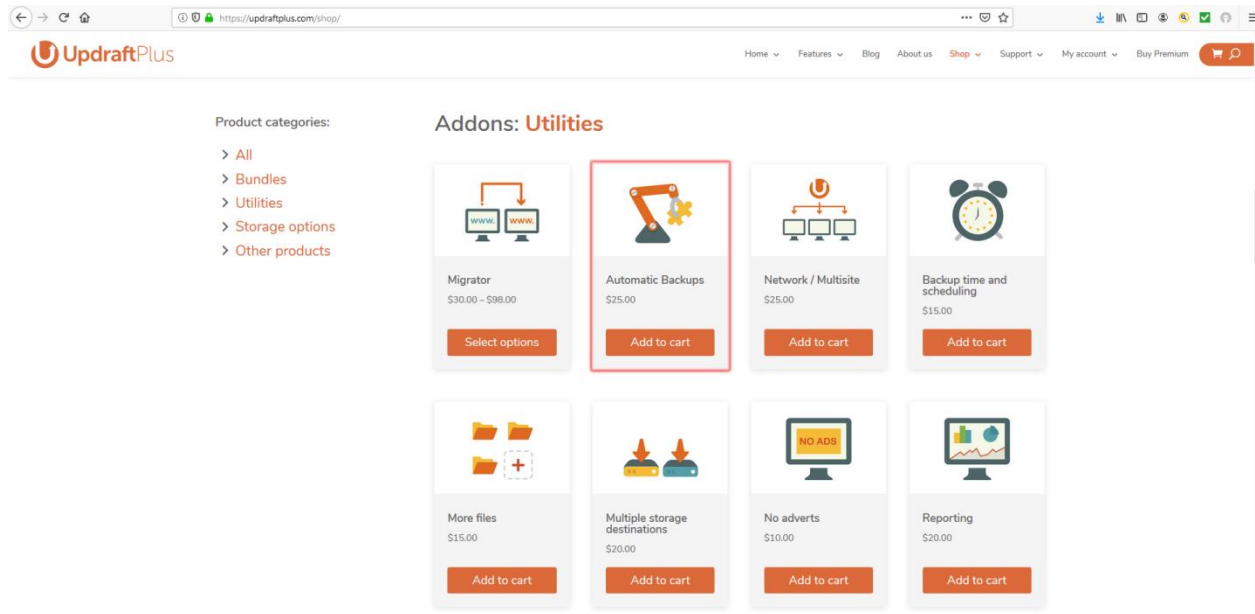

The screenshot shows the 'My account' page of UpdraftPlus. The page has an orange header with the UpdraftPlus logo and navigation links: Home, Features, Blog, About us, Shop, Support, My account, and Buy Premium. Below the header, the 'My account' section is highlighted in orange. The main content area is white and contains two forms: 'Login' and 'Register'. The 'Login' form has fields for 'Username or email address' and 'Password', a 'Log in' button, a 'Remember me' checkbox, and a 'Lost your password?' link. The 'Register' form has fields for 'Email address' and 'Password', a 'Register' button, and a privacy policy notice: 'Your personal data is respected, and will be used to support your experience throughout this website, to manage access to your account, and as otherwise described in our privacy policy.'

3. Once your account is created, you would see the following information. Select **“Shop”** on the menu to proceed to the next step.
